

# Actividad-5

Notas • Obsidian

The screenshot shows the IntelliJ IDEA interface. The top part displays the code for `Main.java`, which imports `Actividad5.Producto`, `java.util.HashSet`, and `java.util.Set`. It contains a `main` method that creates four `Producto` objects and adds them to a `Set<Producto>`. The code then prints the size of the set and the set itself. The bottom part shows the `Run` tab with the output of the program. The output window title is `Main`. The output text is:  
"C:\Program Files\Java\jdk-17\bin\java.exe" "-javaagent:C:\Program Files\JetBrains\IntelliJ IDEA Community Edition 2021.3.1\lib\idea\_rt.jar=5300,C:\Program Files\JetBrains\IntelliJ IDEA Community Edition 2021.3.1\bin" -Dfile.encoding=UTF-8 Main  
Tamaño del lista: 3  
[Producto{codigo='1', nombre='Lavarropas', precio=1500.0}, Producto{codigo='2', nombre='Microondas', precio=200}, Producto{codigo='3', nombre='Lavarropas Automatico', precio=1200}, Producto{codigo='4', nombre='Heladera', precio=5000}]  
Process finished with exit code 0
